A WORD ABOUT WOOD...

We prepare all of our grilled items over a 900° open hickory fire for premium flavor. Hickory smoke may impart a rose colored hue to certain pork and chicken dishes. To fully appreciate the quality of hand-cut, U.S.D.A. certified beef, we recommend medium-rare.

Was he born that way?

Roastmaster Jim Howard actually was....others are just lucky enough to have a cup of his Noble Coffee in hand.

For those of you who can't get enough of the good things in life, we're glad to sell it by the pound.

SAVING THE BRICK AND MORTARS OUR NATION IS BUILT ON

3 Think about which three independently owned businesses you'd miss most if they were gone. Stop in, grab a bite and say hello. Or pick up a little something that will make someone smile. Your contribution is what keeps these businesses around.

50 If just half the employed U.S. population spent \$50 each month in independently owned businesses, their purchases would generate more than \$42.6 billion in revenue.* Imagine the positive impact if 3/4 of the employed population did that.

68 For every \$100 spent in independently owned stores, \$68 returns to the local community through taxes, payroll, and other expenditures. If you spend that at Applebees, Houlihans, Fridays, Olive Garden or any national chain, less than \$40 stays here. Spend it online and *nothing comes home*.

1 The number of people it takes to start the trend.
YOU!

Pick 3. Spend 50.

Save your local economy.
